Lesson 20

The 24th letter in the Arabic alphabet is the letter **MEEM**. The equivalent of the sound of the letter is the letter **M** like when we say '**Met**'.

With short vowels:

مَ مِ مُ

اَمْ - اِمْ - اُمْ

م

End	Middle	Beginning
م م	ـمـ ـم	مـ

*When the م comes in the middle, if preceded by a letter that doesn't allow joining then it will be written like in the beginning, and if it's preceded by a letter that doesn't allow joining when at the end it will be in its original form.

مَتِرَ أَمِ إِمَ
